BURGLARS HERE AGAIN LAST NIGHT

BROKE INTO JENSENS AND GLOVER & ALEXANDERS

CUT HOLE THROUGH DOOR

Took $23.25 From Coal and Feed Company—Says Safe Was Left Unlocked

A burglar broke last night into the Charles A. Jensen Produce house and into the office of Glover & Alexander. This is the second time that the produce house has been broken into in the last few weeks.

The burglar was evidently looking for nothing but money. He got nothing at the produce house but took $23.25 from the office of Glover & Alexander. The money was taken from the safe. Mr. Glover says that he failed to lock the safe last night and that it is the first time this has happened for three months. He says that the safe door was closed and the bolt turned but that the tumbler of the combination was not turned sufficiently to lock the safe. The burglar entered through one of the doors of the office. It was said this morning that the money is kept in the safe and that the office is never securely locked.

At the produce house the burglar forced a screen to a basement window, went up the stairs to the second floor and cut a hole through the pannel to the door that leads to the office at the front of the building. After whittling the hole the burglar evidently found that he was not able to unlock the door in this way. He then forced it open, tearing the lock off as he did so. Shavings on the floor and a ragged hole in the pannel of the door were grim evidences this morning of the effort the intruder had made in getting in.

The burglar last night entered Mr. Jensen's place by the same door the one that visited the place several weeks ago did. The other time about $50 was taken.

When the burglar entered the Jensen place the other time he happened to do so on a night when an unusually large amount of money had been carried over from the day's business. Last night the one who entered the Glover & Alexander office got in the night the safe was left unlocked.

There were a lot of checks in the Glover & Alexander safe, but they were not taken.

TWO GIRLS HIKING "FROM FRISCO TO NEW YORK"

But They Do Not Refuse "Lifts"—Stayed at Bainum Hotel Here Last Night

"From Frisco to New York" is the slogan which adorned the hats of two khaki clad girls who arrived in Maryville last night and left this morning to resume their hike to New York City.

A severe attack of spring fever overcame Misses Edna and Dorothy Hill, two cousins in San Francisco about six weeks ago and for the novelty of the affair and for a first hand observation of the United States the two girls set out to hike across country to New York.

They left here about 10 o'clock this morning. Although they set out to hike the distance, they said this morning that they never refused a ride and they proved their point by leaving in a car from the Bainum Hotel.

From San Francisco they went to Reno, then to Salt Lake City, Denver, Kansas City and here. They will go from here to Des Moines, Ia., they said they figured that they would be in that city in about three days, if they got as many "lifts" on the road as they usually do.

There is not any particular object to their hike, except that they wanted to get to New York to visit friends. They make their expenses on the way by selling pencils. They are mailing clerks by trade and expect to get work when they arrive in New York.

Visitors at Swinford Home

Mrs. C. E. Lierley and son, Harold, of Grand Junction, Colo., are guests at the home of the former's grandparents, Mr. and Mrs. G. W. Swinford on South Main Street. Mrs. Lierley and son have been visiting her parents, Mr. and Mrs. Gabe Purcell of Conception, and her aunt, Mrs. E. W. Lyon, and Mr. Lyon, southwest of Maryville, for several weeks.

MRS. FORD AND MISS WILSON BACK FROM TRIP WEST

Visited Friends at Los Angeles, Long Beach, Santa Barbara and Spokane

Mrs. J. D. Ford and Miss Pauline Wilson returned Saturday from a 6 weeks visit in the West. At Los Angeles they visited Mr. and Mrs. Steve Redfield, Mr. and Mrs. Bert Harrison, Ethel Embree, Mr. and Mrs. Ed Signs and other friends. At Long Beach they visited Mr. and Mrs. Gale Price and at Santa Barbara they visited Mr. and Mrs. E. J. Cox. Mr. Cox is a cousin of Mrs. Ford.

When they had completed their visit in California they went north to Portland, Ore., and then north and east of Spokane, Wash., where they visited Mrs. Ford's brother, H. G. Thompson and family.

Mrs. Ford says that they had a wonderful trip. They saw Catalina, Mt. Lowe and all the sights about Los Angeles and at other places they visited. At one time they traveled 151 miles from 4 o'clock in the afternoon to 10:15 o'clock in the evening on a sightseeing trip by motor car. The roads are fine she says. All she saw in California were paved and most of them in Washington were paved.

EUGENE A. MAYNOR TO BE COACH HERE

HAD CHARGE OF FRESHMEN AT COLUMBIA LAST YEAR.

IS WELL QUALIFIED MAN

Has Scholastic and Athletic Records That Speak Well—Experienced in the Profession.

Eugene A. Maynor, freshmen coach in football, basketball and baseball and scout for the Varsity teams at the University of Missouri last year, has been employed as coach at the State Teachers College this winter.

Mr. Maynor is a man of unusual qualifications both from the standpoint of scholarship and athletic work. He holds the following degrees: A. B. from the University of Alabama, B. S. in Agriculture from the Alabama Polytechnic school, M. A. in English from the University of Missouri and by the end of the summer term will have completed his B. J. at the University of Missouri.

In athletics Mr. Maynor won his letter for three years at the University of Alabama in football, basketball and baseball and he won a letter for one year in football and basketball at West Point. When at the University of Alabama he played center on the foot team and at West Point he played offensive center and defensive full back. He is a weight man on track.

Mr. Maynor's experience as a coach is not confined to his services with the freshmen at the University of Missouri during the last year. For two years prior to taking up his duties at the University he was line coach in football at the Alabama Polytechnic school and coach in baseball.

During the war Mr. Maynor was in the air service, entering it after he had a year at West Point. He was wounded in action. During the war he was transferred to the artillery and came out a captain. It is reported that he is now a captain in the national guards.

Mr. Maynor is 27 years old and single.

DEATH OF MRS. JULIA FALKNER 72 YEARS OLD

Had Been Ill for About a Week With Bronchial Pneumonia

Mrs. Julia Elizabeth Falkner, who had been ill for about a week with bronchial pneumonia, died this morning about six thirty o'clock at her home on North Main Street. Mrs. Falkner was seventy-two years old and had lived in Nodaway County for the last twenty years. She moved to Maryville from Pickering about nine years ago. Two daughters, Mrs. D. M. Tudder of Kansas City and Mrs. Park Duey of Graham, are the only surviving children. One sister, Mrs. M. J. Newell of Chicago and one brother, George Clyne of Tacoma, Wash., also survive. The funeral arrangements will not be made until Mrs. Newell arrives from Chicago.

Mrs. George Dougan of Bedford, Ia., arrived this morning for a few days visit with Mrs. Ed Masters.

NEW ARRANGEMENT FOR C. OF C. DINNERS

WILL NOT BE HELD AT HOTELS FOR A TIME

DR. DRUMMOND SPEAKS

Was Questioned by Members of Organization—Caste System a Drawback to India

A new arrangement for the weekly Chamber of Commerce dinners was inaugurated last night when the meal was served by the Wesleyan Bible Class of the First Methodist Church in the Church parlors. It has been the custom heretofore for the hotels to serve the dinners alternately. Fred R. Wolfers, president of the Chamber, announced at the dinner last night that for some time the dinners would be served by the various churches and at other places that have not been patronized by the Chamber for its dinners in the past.

The dinner next Monday evening will be given at the Yehle Tea Room and President Uel W. Lamkin of the State Teachers College will be chairman.

About forty persons attended the dinner last night.

Officials of the class said this morning that they had not checked up as yet to determine how much they had made from the dinner.

Dr. O. L. Curl was chairman at the dinner and Dr. C. C. Drummond, living link missionary of the First Christian Church of Maryville to India, was the speaker.

Dr. Drummond said that it is the missionary who opens the way for the man of commerce in the foreign countries. He leaves his home land, goes to these places, risks his life and often gives it up long before the salesman makes the venture.

The caste system is the thing that is preventing the people of India from making the proper advances along the line of civilization. There are 3,000 of these castes and many of them do not associate in any way with one another or even touch one another. They will not sit in a meeting together. It is impossible to have a public meeting in India like we have in this country.

The caste is the India's religion and Dr. Drummond says the only way to break down the caste system is to get the people to embrace the Christian religion.

The great Indian leader and agitator, Ghandi, does not believe in machinery, railroads, telephones or any of the modern apparatus and appliances. He is now serving a term of six years in prison and is happy because he wants to be considered a martyr.

At the close of Dr. Drummond's talk members of the Chamber began questioning him regarding various things about the castes and affairs of India. One of the things brought out in the questions was that the people of the higher castes do not eat pork. The hogs there are of a scrawny type. Dr. Drummond said he did not doubt but that if the type that is raised in Nodaway County were raised that the people would eat pork.

REGISTRATION BOX PLACED AT THE TOURISTS PARK

A Place for Name, Address and Date for Those Who Stop—Post Card Views.

A registration box has been placed at the Tourist Park by the Chamber of Commerce. It is just south of the comfort station. It is a water tight arrangement and contains a book for the names and address and dates and post card views, two of the tourist's park and one of the State Teachers College. On either side of the box is a sign that reads, "Tourists, Please Register Here."

The tourists stopping at the park can look in the register and determine who of their friends have been at the place and when. They can leave a record of their own visit at the park for their friends who follow them.

Most of the tourists parks throughout the country have a place to register.

Frank M. Murray Here Today

Frank M. Murray of St. Joseph was in Maryville on business today. Mr. Murray, who is connected with the International Harvester Company, formerly lived in Maryville.

C. E. Ballinger Here.

C. E. Ballinger of Shenandoah arrived in Maryville yesterday for a visit with friends.

JESS HATCHER HELD BY COUNTY OFFICERS

Charged With Operating Car While Intoxicated—Hearing On July 26

Jess Hatcher who was in the car which turned over and killed Ophie M. Buie about three miles east of Graham Saturday evening was arrested late yesterday on a charge of operating a motor vehicle while intoxicated. Hatcher was arraigned before Justice of Peace W. L. Johnson this afternoon and his hearing was set for July 26. Bail was fixed at $1,000. He had been unable at press time to give bail.

Prosecuting Attorney Charles McCaffrey and Sheriff Steve Roach went to the scene of the auto accident yesterday and talked to a number of people who reached the scene soon after the accident. After their return to Maryville Mr. McCaffrey issued an information against Hatcher.

RAIL STRIKE AGREEMENT NEAR

REPORTED PLANS HAVE BEEN AGREED ON

BASIS OF AGREEMENT

R. R. to Restore Seniority Rights, Abolish Contracting Out Work Then Hearing on Wage Scale

Chicago, July 18.—It is reported that the basis of agreement for the railway strike is near. According to plans the railroads are to restore the seniority rights to the strikers, and abolish contracting out work and the unions agree to return to work immediately on assurance that there will be a rehearing of the question of the reduced wage scale.

Washington, July 18—The three big Eastern railroads the New York Central, the Pennsylvania, and the Erie, are the only railroads holding up settlement of the shopcrafts strike, according to word from Chicago as the cabinet assembled for a momentous session. The Northwestern and the Southern railroads agreed to accept labor's demands, the message says.

Chicago, July 18.—Two hundred of the second artillery of the aircraft regiment of the national guard were ordered to mobilize here. The orders went direct to the governor through the adjutant general. The purpose was not announced but it was understood it was the railroad situation at Bloomington.

DUNN AND SULLIVAN CONVICTED OF MURDER

2,000 Prisoners Have Been Captured by the Irish Free Staters to Date.

London, July 18.—Reginald Dunn and Joseph Sullivan, two Irishmen, were convicted of the murder of Field Marshal Sir Henry Wilson, former chief of the British imperial general staff, and sentenced to death. The men were calm when the verdict was returned.

London, July 18.—Two thousand prisoners have been captured by the Irish Free Staters to date, according to a Dublin dispatch. Limerick is isolated and fighting continues.

John A. Walsh of Conception was here on business yesterday.

Called to Iowa.

Miss Maude Frede left last night for Exera, Iowa, called there by the illness of her sister, Mrs. D. C. Davis.

CIRCUS TO ARRIVE IN THE MORNING

PARADE IS A SURE THING, SAYS ADVANCE MAN

DUE HERE AT 5 O'CLOCK

Showing in Shenandoah Today—Two Performances Tomorrow One at 2 O'Clock and 8 O'Clock

Nothing less than an unavoidable mishap will prevent the boys and girls of Maryville from seeing the elephants and wild animals in the circus parade tomorrow morning, the advance man said this afternoon. The circus will arrive at 5 o'clock in the morning over the Wabash railroad from Shenandoah and will be transported to the Harrison field, east of the Burlington tracks.

The parade will reach the up town district some time between 10 and 11 o'clock in the morning over the following route: South on Depot street to First; West on First to Main; North on Main to Fifth; West on Fifth to Buchanan; South on Buchanan to Third; East on Third to Market; North on Market to Fourth; East on Fourth to Vine; South on Vine to Third; East on Third to Depot.

In order to keep the route of the parade open, Mayor F. P. Robinson said this afternoon that there should not be any parking on the route from First and Main, the rest of the way around from 7 o'clock in the morning until after the parade passes.

The parade is approximately fifteen blocks long. There will be two performances of the circus. The doors of the big top will be open at 1 o'clock tomorrow afternoon and the first performances will begin at 2 o'clock. The doors will be open at 7o'clock tomorrow evening for the second performance which will begin at 8 o'clock.

Alarm clocks will sing in homes all over the city tomorrow morning, sing a song as irresistible to little boys and girls as the thin, but potent notes of the Pied Piper of Hamelin, sang childhood's song of songs—"Circus Day."

The fact sends an age of thrill through youthful blood and blood that has long since lost the fire of youth. "Circus Day" smacks of Americanism. It is peculiarly American, for the circus as it is known in this land of ours, grew up with the country. And perhaps, that is why the thrill of circus day persists. It is in our blood.

So, alarm clocks will sing tomorrow morning. Tousled heads will toss pettishly a moment and then their owners will hop out of bed with glad shouts. There will be scamperings through hallways, pleadings with grownups to hurry, hurry, hurry. Then the swift journey to the railroad yards where long trains come to rest on sidings with sharp whistlings of engines, hissing of air brakes and gruff commands of bosses. John Robinson's circus had come to town.

Four, six and eight horse teams stepped down ramps leading from horse cars and pulling the "cook house" wagons, the stake and chain and heavy baggage wagons out of the yards in no time. Other teams towed tableau wagons, tarpaulin covered cages in which mysterious animals muttered and growled, along strings of flat cars and down runs to waiting gray and dappled teams which hooked on to make the haul to the circus grounds east of the Burlington depot.

From cars of special architecture lumbered and swayed huge elephants, no end of them, pair after pair of camels, sacred cattle, bison, and behind them other weird animals that walked along with small regard for the men who held to their halters.

Out at the grounds the feeding of the 1,051 people in the John Robinson family interested the crowds, that and the ever fascinating sight of a city of canvas springing into being.

Went to Kansas City.

Mrs. Laura J. Davis and her granddaughters, Misses Helen and Marie Davis, left this morning for Kansas City to visit Mrs. Davis' son, Ben Davis and family, for a few weeks.

J. F. Cook and F. W. White of Maryville and John Calloway of Burlington Junction returned from an inspection trip to the Rio Grande Valley of South Texas. Mr. Cook visited with W. H. (Billy) Critchfield, a former Maryville resident.

William Smith of Graham is shopping in Maryville today.

LOCAL REPUBLICANS ARE WORKING FOR BREWSTER

A Number Left Maryville Today in The Interest of His Candidacy

A number of Republicans in Maryville left this morning for a tour of four counties adjoining Nodaway County in the interest of the candidacy of R. R. Brewster of Kansas City for the Republican Nomination for United States Senator. Mr. Brewster will be unable to get to Nodaway County and this part of the state before the primary election. His friends in Maryville are taking this method to boost his candidacy and in addition to talking to the Republican voters will put up signs and distribute Brewster literature.

Nodaway County will go big for Brewster is the prediction made by the Republicans here. There also seems to be a strong sentiment for Brewster in the adjoining counties with the exception of Atchison County where Attorney General Jesse W. Barrett is said to be strong on account of the activities of the attorney-general in the cases against a number of parties arrested for stealing in that county.

MAY TAKE FILMS TO MO. STATE FAIR

NODAWAY COUNTY MEN MAKING CONTRIBUTIONS

A WONDERFUL EXHIBIT

Would Be Perhaps Most Unusual Ever Shown at Fair—Has Never Been Done Before

One of the most popular ideas thought lately is that of sending the Nodaway County agricultural film to the State Fair at Sedalia August 19-26.

A. J. "Jack" Holt says, "By all means this film should be shown at the State Fair at Sedalia, because it is something that has never been attempted before by any county or state fair. It is just like taking Nodaway County to Sedalia. While some of the counties are exhibiting their grain and products, the films offer the advantage of showing various phases of agriculture and farm life during all seasons of the year, thus we have a complete picture story of the advantages of Nodaway County's natural resources. The expense of showing these 4,000 feet of film would not be one fourth as much as putting up an exhibit of grains at the fair and besides it will show the actual scenes of the county, its fine farming land, its splendid homes, its pure bred stock and field crops of all kinds."

Mr. Halt backed up his opinion of the value of showing these films at the State Fair by starting a fund with his check for $25 and stated this is the biggest advertisement Nodaway County will ever get for such a small expense.

R. E. Thomas, another enthusiast about Nodaway County, said, "We are all proud of what Nodaway County is doing and owe it, not only to ourselves but to the rest of the state to exploit our wonderful resources and community spirit by showing these films at Sedalia. Here is my check for $25."

Ernest Willhoyte says he expects to take some of his purebred hogs to the State Fair this year and thinks it would be a capital idea to show the Nodaway County films every day of the fair. "I think it would be a big surprise for people of Missouri to see actual pictures of the wonderful things in Nodaway County," he said. He subscribed $10.00 to the cause.

C. D. Bellows, said, after seeing the completed film a week ago last night, "I was surprised at the wonderful educational value of it, and also what a complete story it told of agriculture in Nodaway County. The big thing about the state fair is its educational advantages, and no one after seeing these films can go home without being impressed with the wonderful purebred live stock, fine farms and progressive people of Nodaway County."

Mr. Bellows is a member of the State Board of Agriculture and is much interested in presenting Nodaway County in such a wonderful way to the rest of the State.

W. O. Garrett, president of the board of directors of the Standard Poland China Record Association, will be at Sedalia Fair and said, "I am for it strong. I do not know of any

(Continued on page 6)

WILL OPEN COAL MINES AT ONCE?

PRESIDENT URGES REOPENING OF THE MINES

TROOPS FOR PROTECTION

Mines Will Be Seized Before Long If Production Is Delayed

Washington, July 18.—After a meeting of the cabinet and a discussion of the grave industrial situation it was decided that the President should address communications to the governors of the states, asking them to protect with troops if necessary the public interest which is endangered in the rail and coal strikes. The communication is to be published tonight.

It is understood that the President informed the governors that the situation in the coal industry is grave in the country and that it is essential that production start immediately if the country is to escape famine this winter. He directs the governors to use every means for the reopening of the mines.

If the state troops are insufficient the President invited federal protection. He declared that the mines will be seized before long if production is delayed.

Washington, July 18—Coal rationing this winter similar to that during the war is virtually certain is the opinion in government circles. Even the resumption of mine operations immediately will not prevent priority orders necessary to protect the northwest and possibly the New England states.

Chicago, July 18—Dr. Frank Hounold, secretary-treasurer of the Illinois coal operators association, declared Herrin, the scene of the recent riot, was the logical place to reopen the mines in Illinois. He says there is sixty thousand tons of coal there waiting to load on the cars and the strip mines can produce twelve hundred tons a day.

It is predicted in well informed circles the Illinois mine owners will take advantage of President Harding's promise of federal protection and will ask the use of troops at Herrin. The first step will be to ask for state protection.

Wellsburg, W. Va., July 18—A formal probe of the mine battle at Clintonville in which Sheriff Duvall and three miners were killed has begun. A long investigation is expected. Information from Steubenville is that three wounded miners are not expected to live. A detail of troops was sent to Clintonville and everything is quiet.

DEATH OF MRS. KATE ROBERTS AT PLATTE CITY

Funeral Services Were Held at Savannah Today—Maryville People Attended Funeral

Mrs. Anna Todd went to Savannah today to attend the funeral of her aunt, Mrs. Kate Roberts, which was held at 11 o'clock this morning at the Methodist Church. The Rev. A. C. Brown, pastor of the church, conducted the services. Interment was in the Savannah cemetery. Mrs. J. C. Curfman and her son, Roy J. Curfman, also attended the funeral.

Mrs. Roberts died Saturday night at the home of her son, Ed Roberts, in Platte City, following an illness of several weeks. She was 93 years old last May and despite her advanced years was very active until she received the fall that resulted in her last illness. Mrs. Roberts had a number of acquaintances in Maryville, having frequently visited here with relatives. Mrs. Belle Evans of Kansas City, a resident of Maryville many years ago, is a surviving daughter. Savannah was the former home of Mrs. Roberts for a number of years.

Veterans To Have Stand

The Seth Ray David Post of the Veterans of Foreign Wars will have a stand on the Harrison field during the circus tomorrow.

THE WEATHER

Fair to-night and probably Wednesday; warmer in the west portion Wednesday.

LARGEST CIRCULATION IN NODAWAY COUNTY

Lewis C. Gabbert hereby announces as a candidate for renomination for Congress, fourth district of Missouri, subject to the decision of the Democratic primary to be held August 1, 1922.

I hereby announce myself as a candidate for the office of Presiding Judge of the Nodaway County Court, subject to the action of the Republican voters at the Primary Election on Tuesday, August 1.

HENRY N. MOORE.

I hereby announce myself as a candidate for the office of County Clerk of Nodaway County, subject to the decision of the Democratic primary, on Tuesday August 1.

FRED J. YEOMANS

NATURAL RESOURCES AND PUBLIC SERVICE

While the railroad strike is occupying public attention as the big act on the present industrial stage, we may as well get our eyes open to another situation. Unless the coal strike is soon settled the industrial world will be paralyzed. Instead of one million men being out of work, there will be ten million. The country can run, if necessary, without railroads but until some substitute is found, the business of the country can not run without coal. It the industries of the nation are closed down, there will be little need for railroads. There will be nothing to ship and few people will have money to travel on who can not go in their own cars.

If the industries of the country are stopped, the business of the country will be stopped. There will be millions of laboring men in other branches of work idle and there will be no other work for even the miners to do. The railroads can not run without coal, at least not until they equip themselves with oil or electric motor power. The light plants can not run, cities will be dark, crime will flourish unless an exception continues to be made. Ice plants must close down with whatever measure of suffering may follow to the infant and invalid classes. Perishable foods can not be kept without ice and prices must rise unless products move freely. Winter is coming and thousands must perish without heat.

If power plants can not run, newspapers and all electric driven enterprises must stop, at least until other motive power can be installed. There is hardly any limit to which dismal possibilities may not be multiplied and all show the tremendous dependency of the public upon the natural resources which God, in His wisdom, planted in the earth for the use and benefit of man. It shows too that, when a quarrel or a dissagreement between a limited number of men can tie up and stop a whole nation's progress, there is something wrong. It shows that the natural resources of the earth should be operated, not for the profit and benefit of a few men, but for the benefit of all. And with justice and fairness toward all concerned.

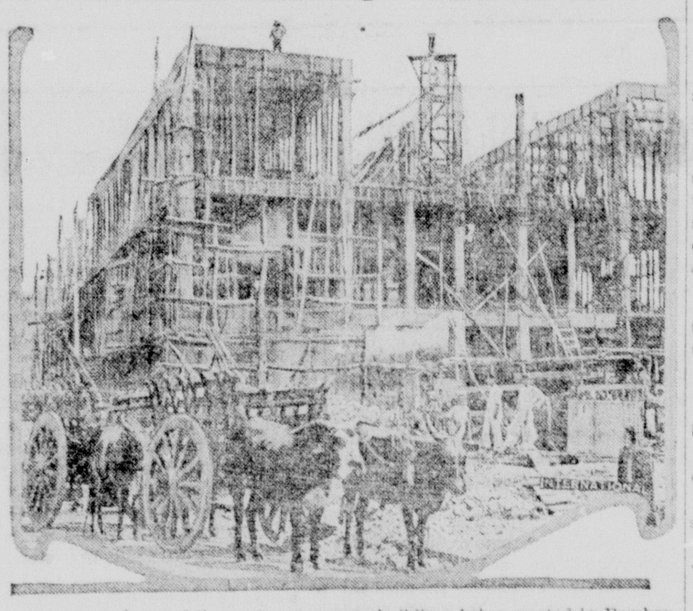
Concrete Buildings for Bombay



A view of one of the modern concrete buildings being erected in Bombay, India. When completed, these iron-beamed stone structures will stand in marked contrast to the old wooden buildings of the ancient city.

Here is a good job for some man and no danger of being overworked. Albania wants a new king. They would prefer a rich American but might be induced to take a poor one and make him rich.

A lot of people can save money by reading the newspapers. For instance, Mr. Ziegfield was out hunting a wedding present for Marion Miller after Miss Miller had announced that he would not be invited to her wedding.

FORD SELLS 5,709 MOTOR CARS A DAY

Sales During the Month of June Were Highest in History of the Company

Detroit, Mich, July 18—Retail sales of Ford cars, trucks and tractors established a new high record during June, when, according to a statement issued from the factory an average of 5,709 machines were sold daily.

Ford sales have been showing a constant increase each month this year; June being the highest in the history of the company with a total of 148,429 cars, trucks and tractors.

With the closing of business for June, Ford records disclosed the fact that total sales for the first six months of 1922 were well over the half-million mark, the exact figures being 652,261. This is also a new high record as it is considerably in advance of any previous half year period.

July Ford sales are expected to equal, and probably eclipse June. The estimated output of cars, trucks and tractors has been placed at 151,767, although dealers have requisitioned more than 200,000.

Ford officials state that every attempt has been made to supply their dealers with sufficient cars to fill their orders, but that for the past three months, prompt deliveries have been impossible with some of the types. The demand for Ford enclosed cars has been especially hard to meet, due to the ever-increasing popularity of the Coupe and Sedan for all year-around use.

A reflection of general business conditions is seen in the record of truck sales, which show an increase of eighty-four per cent over last year. Merchants and farmers alike have come to recognize the utility of the motor truck in cutting transportation costs and speeding up deliveries, and the fact that they are buying nearly twice as many now as a year ago clearly points to better business conditions.

At the present time, Ford is employing 75,000 men in Detroit.

TRACKS NOW OPEN FROM OMAHA TO ST. LOUIS

It was announced by the Maryville Wabash railway station today that the tracks are now open all the way between Omaha and St. Louis and that all Omaha to St. Louis trains will run from now on as nearly on schedule as they can be kept. This is the first time the tracks have been open the entire distance since the big rains the night of July 9.

J. C. Wilson's Son to Code Meet.

Jefferson City, July 18.—Governor Hyde yesterday appointed Garland Wilson of Bethany to succeed the latter's father as a member of the state constitutional convention. J. C. Wilson died here last Tuesday after a brief illness.

Mrs. Edith Glenn and daughter, Dorothy, returned yesterday from a visit at Chicago with Mrs. Glenn's sister, Mrs. A. J. Cramp. Mrs. Glenn visited in Chicago a week while her daughter visited there a month.

Forumettes

It certainly would be
Fine if we could learn
From the experience of
Others and get no bumps.

Viewpoint is everything. Before marriage he spoke words of wisdom. After marriage the average wife says he talks drivel.

Our neighbor had been so used to going to the telephone only to find the wrong number was called that when his alarm clock rang the other morning he turned over in bed thinking it probably was the wrong number.

Some men's heads are so soft that the shadow from a brick will produce a serious depression.

At the moment of birth the average man has a brilliant future before him and it usually remains there.

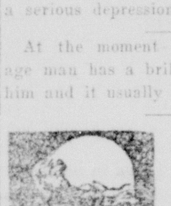
Uncle Abner the town philosopher, says a neglected opportunity seldom makes a second call.

A bad temper is an awkward thing to have and a bad thing to lose.

The hardest woman to please in Maryville is the woman who does not know what she wants.

About the only way some men will ever be able to be men of mark will be to let the tatoo artist work on them.

Our neighbor called her little boy at 7 o'clock the other morning telling him to get up as "The early bird catches the worm." He turned over in bed with the remark that he was not going fishing that day.



Louise, the stenographer, says some Maryville wives she knows are so jealous they will not let their husbands even hug a delusion.

We sure count the cost when we have to pay the bill for our folly.

We are always finding fault with the mother-in-laws but perhaps with reason lies in the son-in-laws.

Our bachelor friend says the married man who hesitates is bossed.

Vagrant Musings

To compare a talkative Maryville woman to a parrot is hardly fair to the parrot.

Though a man's will may be strong a woman's won't is a law unto itself.

It takes love to draw plans for air castles.

A round sum will not square a crooked transaction.

He is a wise fool who knows enough to keep it to himself.

The man who looks out for the
Facts does not have
To bother very much
About the superlatives.

Wonder how many of our prominent citizens St. Peter will know when he opens the gate!

The average Maryville man does not swell with pride when told his body is the happy hunting ground of countless germs.

Have you not often thought that you could make a lot of improvements in many of the so called self-made men?

Times surely are improving. We saw several men wearing newly purchased silk shirts on the street the other day.

When a wicked man dies he gets out of the frying pan into the fire.

We have not heard a new argument against bobbed hair for two weeks. It must be too hot for the reformers.

The advent of the porch swing as a summer institution has surely cut down the porch casualties and the poor paragrapher has a hard time getting fun out of the tumbles like he did in the old hammock days.

Have you not often wondered if all the ministers preach what they practice?

Vagrant Musings

Some hard nuts are not worth the labor it takes to crack them.

Most of the pictures in the mind's eye are studies in green.

It is fortunate we have weather for some people to growl about.

No man can hope for a second degree verdict when his wife is judge and jury.

Our Fathers Laughed at This.

(From newspaper files of 25 years ago)

Biff—Is that a bloomer girl on that bicycle?

Bang—Bloomed if I know.

A MACON EDITOR'S 'WHO'S WHO'

J. J. Heifner Got Nearly Everyone's Picture Into Special Edition

The following was in Sunday's Kansas City Star from Macon about J. J. Heifner who died in Maryville last Wednesday:

Joseph J. Heifner, whose funeral was held here yesterday, was one of the most energetic and resourceful men who ever operated a newspaper in Macon. Coming from the small town of Hunnewell, and landing in Macon as field man for the Macon Times, Bryan and the free silver campaign of 1896 found in Mr. Heifner a vigorous champion. In later years, when editor and manager of the Macon Times-Democrat, Heifner got out a "Who's Who" Christmas edition, unique for its simplicity and popularity.

Heifner knew people. He knew that no artist living or dead, could draw pictures as attractive to the average man as a picture of himself. Every man who had a curiosity to see what he would look like in print was given a chance to gratify that curiosity. There was no need soliciting. The citizenship brought in basketfuls of photos for reproduction in the "Who's Who" edition. Of course there was a fixed charge, so much for a single column, something more for a double column, and another increase for a size beyond that. Most of the customers ordered double column cuts.

The edition grew day by day, as the photos kept coming in. Men in all conditions of life and with all shapes of heads were eager to get into a publication where "all men were free and equal."

The edition was an amazing success. Clerks, bookkeepers, preachers, doctors, men of all trades and callings were admitted, and gladly put up the price of getting in the local "Hall of Fame."

Finally the edition had to go to press simply because it had reached the utmost capacity of the presses.

The Times-Democrat made a cash clean-up that has never since been equaled by a newspaper of the town on any sort of an edition.

Fifty Years Ago

(From the files of the Nodaway Democrat July 18, 1872)

At about 10 o'clock last Monday night a week ago a pretty heavy shock of earth quake was felt in the various parts of Northwest Missouri and Kansas. People were aroused from their sleep, and crockery ware was rattled up lively. We are not aware that the shock was felt in Maryville, but at Kansas City, Cameron, Kidder, Chillicothe,&c., it created some alarm.

Little Charley Mulholland was thrown from a horse on last Sunday afternoon, and seriously, though not dangerously hurt.

We notice that Fred Hastings is receiving and opening a nice lot of goods in his Book Store next to the Postoffice.

Nodaway county deserves a leather medal, for, while all the surrounding counties are full of candidates for county offices, old Nodaway has not a single head above water, to our knowledge, looking out for the interests of the "dear people."

The Holt County Fair will be held this year on the 3d, 4th 5th and6th of September. Two hundred dollars is offered as private premiums.

We have had an opportunity of testing the first cheese made at the Pickering cheese factory by Mr. Shoemaker, and must say that, in our opinion no better article can be had in any country.

Jim Ford has just been to St. Joseph to lay in a new stock of groceries for his customers.

Ed. Moss had done a good business this summer at his Restaurant andIce Cream Saloon.

On last Saturday night the supporters of Greeley and Brown held a ratification meeting on the Main street, in front of the Court House.

On Saturday night last quite a crowd of the voters of Polk township met in the Court House, and organized temporarily by calling E. G. Bickett, Esq., to the chair.

A committee consisting of C. A. Anthony, W. E. Trueblood and Dr. Estes, was appointed to prepare by-laws for the government of the Club, and to report next Saturday evening at 7:30 o'clock.

TWENTY YEARS AGO.

According to the enumeration recently taken in the school district of Maryville, there are 691 white males, between six and twenty years; 710 white females; 19 colored males; and 19 colored females. Total enumeration in district, 1,439.

Nodaway county gets $12,111.38 for the state school fund this year, fully $1,000 more than the amount received last year, and the largest annual apportionment ever received by the county. We learn the above from County Clerk Cordill.

The Barnard Bulletin in speaking of the annual picnic, August 7, 8, and 9 says:

The committee on speakers is securing some big guns for the three days picnic. The prospects of securing Mayor Reed of Kansas City for the first day, Thursday, are very favorable. Congressman Cochran will be here the second day, Friday, and Governor Stone has been secured for the Third day, Saturday.

Uncle John B. Thompson of the city, found the other day in his potato patch eight potatoes about size of a hen egg growing on vine above the ground.

The new Maryville band delighted a large audience with an excellent program in the court house park Tuesday night. The boys looked splendid in their new uniforms and their music was delightful.

The colored people will hold their annual celebration at Burlington Junction on Friday, August 1.

Our citizens were treated to a sight of an Automobile last Saturday. Mr. Davis, a traveling man for a whip house, came in on his automobile about noon Saturday. The machine is one of the steam kind and is one that Mr. Davis made himself, but it gets there just the same. Mr. Davis left Des Moines, Iowa, the morning of the 4th and during that day he attended 13 celebrations.—Clearmont News.

The weather this week has been delightful for harvesting small grain and hay, and the farmers are utilizing all the daylight there is to take care of it. Work this season has been delayed by the rainy weather, and much of the wheat and oats are dead ripe—hence the haste in the harvesting. The oats crop is the heaviest that has been raised in this county for years.

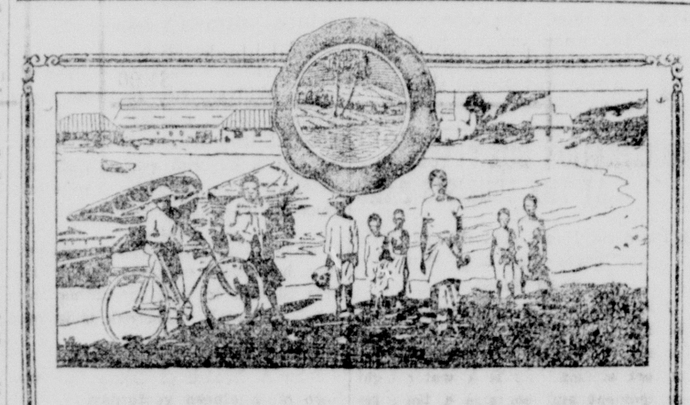
Visited Here Sunday.

Mr. and Mrs. Will Lowry and son, Raymond, of Braymer, Mo., and Mrs. Fannie Baker of Omaha visited in Maryville over Sunday with Mr. and Mrs. George Fred Davis.

Here on Business

Bert Somerville of Kansas City was in Maryville today on business. Mr. Somerville is connected with the Penn Mutual Insurance company.

It is "certain" but harmless—HOLLISTER'S ROCKY MOUNTAIN TEA—great for Headaches and Constipation. Women strongly recommend it.—Gaugh & Evans.



THE LITTLE BROTHERS OF THE NATION

There is no phase of the achievements of our government more creditable to us than that dealing with the acquirement and handling of our outlying possessions.

A foreigner speaking of the United States colonization work says:-"There never was a colonizing power which set out so fast to teach and educate the native races with which it came in contact. One great fact in development which citizens of the United States understand is that money spent on essentials is bound to pay itself back."

An interesting account of our insular and other outlying possessions is given in the latest booklet of the series on Our Government being issued monthly by this Institution. Are you receiving them?

Buick Takes Care of Buick Owners

Buick responsibility does not end with the sale of a Buick car. It follows the car throughout its entire life.

That is why Buick has organized a nation-wide authorized Buick service that extends to practically every city, town and village in the United States.

Buick owners do not need service often. But they have the comfortable feeling of knowing that they can always be supplied with genuine Buick parts and have their work done by Buick-trained mechanics wherever they may happen to be.

When Better Automobiles Are Built,
Buick Will Build Them.

Social Affairs and Clubs

For Colorado Visitors

Mr. and Mrs. G. W. Swinford entertained at dinner Sunday at their home on South Main St. in honor of their granddaughter, Mrs. C. E. Lierley, and her son, Harold, of Grand Junction, Colo. The guests included, in addition to the guests of honor, Mr. and Mrs. E. W. Lyon, Miss Irene Swinford and W. H. Swinford.

Entertained at Dinner.

Mr. and Mrs. F. L. Clayton and Mr. and Mrs. Leon V. Clayton entertained at dinner Sunday, July 16 at their home the Maple Shade Stock Farm, the following guests: Mr. and Mrs. H. T. Clayton and daughter, Marguerite, and son, Kenneth, from Washington, D. C., Mr. and Mrs. Wm. W. Oliver and children, Maynard, Ernest and Doris, Mr. and Mrs. Ova D. Clayton and Warren E. Wilson.

Chain Party Tonight

The members of the Young Women's Foreign Missionary Society of the First Methodist Church will give a chain party this evening. At seven thirty the party will meet at the church and from there they will go to the home of Mrs. J. W. Herndon, on West First street, from there to the home of Mrs. J. F. Hull on South Buchanan Street and then to the parsonage where Mrs. O. L. Curl will be hostess. There will be a short musical program and refreshments at each place.

Standard Bearers Society

The Standard Bearers Society of the First Methodist Church met yesterday evening at the home of Mrs. C. C. Leeson with twelve members in attendance. The third chapter of the text which was about John D. Patton The King of the Cannibals, was studied. After which Miss Ruth England told a story about Uncle Josepheus at Chin Cing girls school and Miss Zella Pettigrew told the story "African Silhouettes." After the regular devotional exercises a social hour and refreshments were enjoyed. The next meeting of the society will be on the third Monday in August.

Porch Party

Miss Margaret Louise Hosmer entertained from nine to eleven o'clock this morning with a porch party at the home of her parents, Mr. and Mrs. R. P. Hosmer, in honor of Miss Marvine Price who is visiting with her aunt, Mrs. F. R. Anthony and Dr. Anthony. The porch was decorated with garden flowers and bridge was the entertaining feature of the morning. Miss Norma Randall was awarded the prize for the high score and Mrs. Hosmer assisted her daughter in serving a two course luncheon. The guests were Misses Louise Peery, Catherine Remus, Alsemene King, Roberta Cook, Evelyn Doffing, Marie Chandler, Mary Curnutt, Norma Randall, Gertrude Garrett, Laura Margaret Raines and the guest of honor.

Excelsior Class Meeting.

The Excelsior Class of the Wilcox Methodist Sunday school was entertained Saturday evening at the home of Mr. and Mrs. R. L. McGinness with Pearl, Verla, Roland and Dale McGinness as hosts. Out of door games were played and refreshments of ice cream and cake were served. The members present were Gladys Thompson, Pauline Thompson, Gladys Mendenhall, Nellie, Crystal and Pauline Hall, Ardice Thompson, Guelda Kabel, Pearle and Verla McGinness, Luther Jensen, Donald Myers, Dale McGinness, Rhea, Frances and Milan Shell, Walter Logan, Robert Patterson, Thelma Ashford, Arthur Hiatt, Bula and Catherine Holt and Pearl, Esther, Lulu and Albert Damgar. The next meeting of the class will be in two weeks at the home of Viola and Harry Sloan.

Sunday Dinner

Mr. and Mrs. Pete Michaelson entertained at dinner at twelve o'clock Sunday. The guests were Mr. and Mrs. Ira Mozingo, Mrs. Elwood Shinabarger and children Audrey and Elwood Jr., Miss Mabel Burch, Miss Ethel Burch, Miss Alma Carter, Miss Cordelia Shinabarger, Miss Georgia Lund, Claude Shinabarger and Cecil Lund.

Six O'Clock Dinner

Mr. and Mrs. Ira Mozingo entertained at a six o'clock dinner Saturday evening in honor of Misses Mabel Burch, Ethel Burch and Alma Carter of Pickering. Additional guests were Miss Cordelia Shinabarger, Georgia Lund, Claude Shinabarger and Cecil Lund.

"Rings On Fingers Bells On Toes" Beaten By Woman

Paris, July 18.—"Rings on her fingers, bells on her toes," have nothing at all on the garb worn by Madame Alexandrine Lifschopz when the French custom house officials at Forbach, on the Franco-German frontier, arrested her the other day on a charge of gem smuggling.

Mme. Lifschopz, who is of Polish origin and a resident of Paris, was on her way back to the French capital from Mannheim. When she left the train at the frontier station for the baggage examination, she, unfortunately for herself, left behind a raincoat in the pockets of which the customs men found several packages of pearls. They pursued their investigation to the point of forcing the traveler to submit to a personal examination by a female inspector.

When Mme. Lifschopz's outer garments were discarded, the inspector's astonished gaze fell upon a woman clothed in precious stones. Around her waist were strings of pearls. Slung under her arms were packages of uncut diamonds. Around her neck, hitherto hidden by a highnecked gown, were fourteen strings of pearls. A pendant, consisting of sixteen diamonds, added a certain lustre to her raiment.

She had, moreover, seventy-two diamond or ruby rings, 127 diamond studded cufflinks and half a dozen bracelets besides scores of knick-knacks of all sorts in gold and silver.

There Are No Drinks Behind This Post Office Bar

The new bar in the Washington city post office, quite different from the kind abolished by Mr. Volstead, is designed to sit on or lean against in lieu of standing constantly for eight hours while sorting mail. The rail is being tried as an experiment and if it proves successful will be installed in all large post offices.

Some Natural Beauties of the Keystone State

Here are some of the natural beauties of Pennsylvania, gathered at Lafayette. Every one of them is an expert swimmer.

WABASH TRAIN NO. 14 WILL RUN THIS EVENING

First Time Since Wabash Track Was Washed Out a Week Ago Sunday.

The Wabash track is now open through to St. Louis and train No. 14 due here at 9:35 p. m., will run tonight, according to an announcement by E. L. Ferritor, local agent of the Wabash. This is the first time No. 14 has run since a week ago Sunday night on account of the flood washing out the Wabash track at several places between Maryville and Sumner. No announcement was made about whether the morning train No. 11, will run tomorrow, but it was thought since the track is now open it will run.

Lancaster, Trenton and other places in that section of the country reported heavy rains yesterday morning and the Grand River was reported to be rising again. Pattonsburg also reported a two-inch rain yesterday morning. It is not expected the rise in the Grand river and other creeks will interfere with train service in that section of the country this time.

MAY RETAIN PREAMBLE TO OLD CONSTITUTION.

Jefferson City, Mo., July 18. — A movement sponsored by M. E. Benton of Neosho which would retain the preamble of the present constitution in the new code is known to be favorable to a large number of delegates. The proposal will probably be recommended in a committee report soon.

Another movement which is apparently popular with the delegates is the drafting of the constitution in simple and direct language to be embraced in a brief number of statutes. A proposal to that effect has been submitted which would make it possible for the state constitution to be incorporated in school text books.

Proposal 192 is creating much concern, both favorable and otherwise, throughout the state. A number of protests were made yesterday against the proposed measure, which would invest the regulation and protection of public health with the general assembly.

DOLLAR SPENT 27 YEARS AGO RETURNED to OWNER

Chehalis, Wash., July 18.—Mrs. Torrence Hagerman spent a dollar in Lancaster, Mo., twenty-seven years ago.

She marked her initals on it then and religiously scrutinized every dollar that came into her possession since that time.

Her diligence was rewarded when she was handed a dollar at a Montesano (Wash.) store recently. It was the same silver money she parted with in Missouri twenty-seven years ago.

TWO-YEAR-OLD CHILD ILL FROM DRINKING ACID

Vera Beatrice Blacketer's Gums Badly Burned but It Is Thought She Will Recover

Vera Beatrice Blacketer, the 2-year-old daughter of Mr. and Mrs. Cleo Blacketer, is quite ill today as a result of drinking some muratic acid about 9 o'clock this morning. It is thought that the child will get along all right as she had just eaten her breakfast and immediately after drinking the acid she vomited. Her mouth and gums are pretty badly burned.

Mr. Blacketer is a tinner in the Garrett hardware store and had the acid on the porch where he had been doing some work last night. It is thought that the child mistook the acid for water.

HIS LIQUOR "EVAPORATED."

Police Took 461 Quarts of Chicagoan's Stock and Returned 190.

New York, July 18.—Rapid evaporation of bottled liquor while in the custody of the police was reported yesterday by M. H. Elvidge, wealthy president of the Asphalt Roof Company.

Attaches of Police Inspector Boland's department raided Elvidge's West End avenue home June 29 and took all his private stock, 464 quarts of fine liquors.

They also arrested Mrs. Elvidge, who resisted the raiders, but released her immediately on the order of Magistrate Renaud, who ruled that the liquors belonged to the Elvidges and should be returned to them.

Complying with the magistrate's order, the police took back to the Elvidge home 190 bottles of the seized stuff Elvidge refused to accept it. He wants it all—to the very last drop—or none, he says. Evaporation at the rate of 274 quarts in less than three weeks is not normal, he contends.

District Attorney Banton promised that if the missing eleven cases and more are not returned shortly he will permit Elvidge to put the matter up to the grand jury.

REAL WAR ON "SPOONERS."

Thirty More Added to Patrol Country Roads Near Springfield.

Springfield, Mo., July 18.—Thirty additional deputy sheriffs were commissioned yesterday by Sheriff E. J. Harris to declare war on "spooners" who are parking their automobiles along the country roads to make love, refusing to use the old family porch swing any longer. Many reports have been received by Sheriff Harris of peace disturbances in various sections of the county, seven couples were arrested late Sunday night by the sheriff.

"We can hear them laughing until after midnight," one farmer said in filing a complaint. The deputies will patrol the various roads leading from Springfield.

Social, Clubs Churches

Dinner Guests

Dr. and Mrs. C. C. Drummond and son, Clarence, of Hurda, India, were dinner guests today of Mr. and Mrs. W. E. Goforth and family.

Picnic Postponed

The picnic which was to have been given this afternoon by the members of the Nodaway County Club of the College has been postponed until August 1.

Clubs Picnic

The members of the Worth and Gentry County clubs will give a picnic this evening at the College Park. Among the entertaining features of the evening will be a baseball game between the two clubs and a miniature cross country relay race. Prizes will be given to the largest family and prettiest girl present. About one-hundred will attend.

POSTMASTER OUSTED FOR HARDING KIN.

Washington, July 18.—A kins-woman of President Harding is slated to preside over the postoffice at Woodward, Okla. She is Mrs. Votaw Ballinger, whose brother, H. H. Votaw, married President Harding's sister. The post is now held by Mrs. Temple Houston, widow of Temple Houston, son of Gen. Sam Houston of Texas. She has held the position eight years and her resignation has been requested.

Returned Home to Skidmore.

Miss Mary E. Barrett, who had been visiting several days at the home of her brother, E. E. Barrett, and family on North Mulberry street, returned to her home in Skidmore Sunday evening.

A Fireman Killed

New York, July 18—One fireman was killed and twenty-nine injured in two terrific explosions in a fire which wrecked a large warehouse. Several women residents in the neighborhood were injured by the flying debris. Explosives were stored in the building.

Card of Thanks

We wish to thank Mr. W. M. Everhart for his kindness to the Rev. Mr. Kelley during his illness; the Men's Organized Bible Class of the First Baptist Church and the members of the A. M. E. Church, who were so kind to Mr. Kelley; the many friends and neighbors too numerous to mention, and those who donated their motor cars for the funeral.

Mrs. M. J. Kelley and family.

J. E. Anderson Of Hopkins Makes Handles From His Hickory Timber

J. E. Anderson of Hopkins was in Maryville Saturday afternoon with a whole lot of handles for hammers and hatchets that he had made from hickory timber on his farm.

Mr. Anderson has been crippled up for many years with rheumatism and unable to get about very well to work. Something more than a year ago his son-in-law, F. E. Glass, who was then living in Wyoming, wrote to Mr. Anderson that he was unable to get any good handles for his tools in that country and wanted to know if Mr. Anderson would send him some split hickory from which he could make some. Mr. Anderson got the hickory and was on the point of fixing it up to ship when he conceived the idea that he might as well trim it down a little so that it would be lighter. He started trimming and did not stop until he had made a good set of handles.

Mr. Anderson got along so well with the work that he decided he would make some more to sell. Accordingly he made another lot. They sold well and he has been making them ever since. He says that he makes them at odd times when he has nothing else in particular to do.

The wood for the handles is cut and the handles are made while it is still green, as it trims best then. When the work is finished the handles are laid by to dry. They are kept in the shop while they seasoning, as to place them in the sun would mean that they would crack.

Mr. Anderson has seventy-five peach trees on his farm from which he says he will be able to gather 100 bushels of peaches this year.

Lenine Not Murdered.

London, July 18. — Nicolai Lenine, head of the Russian Soviet, reported murdered according to Copenhagen advices, is reported as enroute from Moscow to Caucasian bathing place to cure illness and suffering of the past six months.

Depleting Gasoline Reserves

"It is a matter of common knowledge that this year will see a revival of (gasoline) consumption which will tax the physical reserves of the oil industry to the utmost," says Petroleum Age in its issue of April 15, 1922.

Present conditions indicate that the prediction of April 15 will be fulfilled. The estimated increase of automobile regristrations in the states served by the Standard Oil Company (Indiana) for 1922 will approximate 500,000, making a total probable registration of 3,850,000 cars.

Reports show that during the spring of 1922 large stocks of gasoline were accumulated, due to two principal factors, both transitory; first, the sensational production of the Mexia and Haynesville fields, a production which, however, has already fallen below half its peak and is diminishing rapidly; and second, the heavy and prolonged rains which made touring almost impossible.

These reserves of gasoline have served to keep the market steady. Nevertheless, the vast increase in the number of automotive vehicles and the extraordinary average mileage per car are depleting the reserve stocks rapidly.

The Standard Oil Company (Indiana), following its established practice of anticipating the needs of the people in the territory it serves, has increased its facilities to an extent which enables it to guarantee that it will be in position to supply its patrons wherever they may be located.

The entire organization, realizing that it is dealing in a commodity essential to the happiness and well-being of all the people is bending every effort to keep the supply ahead of demand, that the obligation of the Company to the consuming public may be discharged completely.

THE REV. M. J. KELLEY PLANNED HIS OWN FUNERAL

The Rev. M. J. Kelley, pastor of the negro Baptist Church, whose funeral services were held Sunday afternoon made all the plans and arrangements for his funeral before his death. He became ill in January and knew that the end was coming. He planned that the Rev. J. W. Wilson, of Kansas City, a friend since boyhood, should preach the sermon and he selected the songs that should be sung. The funeral was attended by a large crowd.

Miss Della Grems and Mrs. John I. Hoffman and children, Jack and Marjorie of Pittsburgh, Pa., went to Barnard today to visit at the home of Mrs. O. C. Goff.

IN PARLIAMENT LONG TIME BUT MAKES NO SPEECHES

John Hope, 22 Years in House of Commons, Serves Without "Gift of Gab"

By DAVID M. CHURCH
International News Service Staff Correspondent

London, July 18—Attention, members of the Congress of the United States!

This is the tale of a man from whose book many members of Congress of the United States might take a leaf and bring joy to the American public.

John Hope has been a member of the British House of Commons for twenty-two years and has not yet made his maiden speech.

Hope is a regular attendant at the House of Commons and has the rare record of having won out in seven contested elections, in which he has fought every political party.

"Why don't I speak in the House-" echoed Hope when he was questioned. "Well, I have found that I can do more by not talking.

"When I entered the House first of all I had no idea of never making a speach.

"But time went on, and the maiden speech was still undelivered — although I have been tempted to do it more than once, and friends have urged me to break the record—and now I am afraid it will never be delivered."

Hope's reluctance to speak is not because of any inability to do so, for he can orate effectively. He is not shy. When he wants anything he goes directly to the responsible Minister of the Cabinet and generally gets what he wants, because he is one man who has never attempted to browbeat the Cabineteers across the chambers of the House of Commons.

Hope bids fair to keep his word and be the one speechless member of the House of Commons, and if he does so he will take away the record created by William Gerard Hamilton, who in the eighteenth century gained for himself the name of "Single Speech Hamilton," because he is supposed to have never made but one speech in Commons. In the dim, distant past it is reported there was a member of Commons who never opened his lips in the House except on one occasion, and then it was to ask that a window be closed.

This habit of oratorical self-restraint on the part of Hope is looked upon as most commendable, particularly from the House Press Gallery. Undoubtedly there are many in America who would welcome a similar self-restraint in some of the unending orators of the Congress of the United States.

Visiting Pig Club Members.

Roy A. Kinnard, county farm agent, worked today in Nodaway township with members of the Pig Club. The club has fifty-four members and Mr. Kinnaird expects to visit as many of them as possible this week and see how the pigs are getting lined up for the show, which will be held in September.

Stand right sale—I will sell the general stand rights of the Barnard Picnic for all three days, August 3-4-5, on Thursday, July 27 at 2 p. m., on the picnic grounds. L. B. Campbell, chairman of the grounds committee. 18-20

Missouri Crops, July, 1922

Jefferson City, Mo., July 15—Missouri farmers are growing 5,913,120 acres of corn, as compared to 6,096,000 acres last year, with present condition of 82 per cent indicating 159,654,240 bushels, with acre average of 27 bushels, as against the final yield of 182,880,000 averaging 30 bushels last year, according to E. A. Logan and Jewell Mayes of the Federal-State Crop Reporting Service, who also announce the July wheat crop total as 40,699,800 bushels on 2,945,000 acres averaging 13.82 bushels per acre.

This report was made out before the heavy rainfall in northwest Missouri Sunday night.

The farmers of Nodaway county report that they planted 178,770 acres of corn last year and 143,770 acres this year, with a present condition of 92 per cent of normal. In addition they have reported the July condition of a long list of crops growing at this time, of which the most important are wheat at 88 per cent of normal, oats 77 per cent, apples 76 per cent hay 75 per cent and pasture 88 per cent.

Missouri corn is growing upon 5,913,120 acres, which is 182,880 acres short of the 6,096,000 acres in 1921. The condition of 82 indicates 27 bushels per acre, totaling 159,654,240 bushels against 182,880,000 last year. The planted acreage is less than farmers intended in May and early June, owing to the long continued rains of spring followed by dry weather, making the ground very hard to work Corn in many counties was still being planted in the latter part of June. The greatest decrease was in the cotton counties. Generally good stands are found, except in spots where it was too dry to germinate or where chinch bugs and worms destroyed the young plants. Great variation in size is noted, and many fields are spotted. The dry weather of June in many localities prevented proper growth, with worst damage in south central and central sections. Recent rains have greatly benefited the crops and prospects are especially excellent in Franklin, fine in Adair, and promising in Northwest Missouri.

Missouri wheat at 79 per cent indicates a yield of 13.82 bushels upon 2,945,000 acres harvested, totaling 40,699,800 bushels compared to 34,390,000 bushels in 1921, when the average yield was 10.9. Generally, straw is heavy, not yielding as much grain as expected. Most wheat ripened too rapidly, resulting in a shriveled berry; the quality suffered, especially where chinch bugs were bad. Threshing began the last week of June in the southeast where the yields are good and quality excellent. In the south central counties the yield is low, owing to the long drouth, where the quality is poor, resulting from premature ripening.

Missouri oats are only half a crop or 50 per cent of normal, indicating 17 bushels per acre, totaling 21,913,000 bushels upon 1,289,000 acres seeded compared to 42,960,000 bushels last year. Oats were sown in poor condition, followed by most unfavorable weather, and an unusually large acreage was harvested by mowing machine. In many sections the crop is practically a failure, and has been pastured or entirely abandoned, with some fields plowed up for corn.

Chinch bugs are more menacing than at any time during the past 25 years. Farm complaints are made to the Crop Reporting service from 39 counties, from Bates eastward to the Mississippi River and north as far as Clay, and thence north eastward to Scotland County. Practically every county within this belt has had chinch bug damage to wheat, oats and timothy, and they have already moved to corn, killing some fields and greatly menacing corn in others.

Tame hay meadows are 76 per cent of normal against 79 last year. The indicated yield is 1.08 tons per acre, totaling 3,559,689 tons compared to 3,616,000 in 1921. The dry weather severely cut the yield of some timothy and mixed hay. The clover crop was good and harvested in excellent quality of 91 per cent compared to 77 per cent last year; alfalfa 92 per cent compared to 79 per cent; millet is only 75 per cent against 84 per cent. Grain sorghums 81 percent and improving; cowpeas are 85 per cent with considerable acreage to be planted in the southeast; soybeans are the heaviest acreage ever sown; pastures are 78 per cent of normal compared to 93 in 1921.

Gardens and truck were damaged by the dry weather. Potatoes are 68 per cent of normal, indicating 61.2 bushels per acre. Sween potatoes are 81 per cent, beans 83 per cent, tomatoes 81 per cent, cabbages 77 per cent, onions 82 per cent, watermelons 77 per cent and cantaloupes 79 per cent.

Fruit continues to be much better than in recent years. Blackberries condition 77 per cent; peaches 86 percent; pears 67 per cent; apples 76 per cent; grapes 93 per cent.

Among miscellaneous crops tobacco is 79 per cent of normal upon a 25 per cent increased acreage. Flax 87 per cent and broom corn 85 per cent upon 6 per cent acreage. Sorghum for sirup 82 per cent and buckwheat 91 per cent. The average weight of wool fleece is 6.6 pounds and the price per pound is 31 cents against 15 cents last year.

The wheat harvest is completed and threshing is on in full force. Cultivation of corn and cotton is being finished. Hay harvest is finishing without any serious scarcity of labor. livestock are in good condition. Farmers are up to date with their work after a strenuous two months. The agricultural outlook is brighter and the farm faith has been greatly strengthened in the past few months.

Stop "it"—Chronic Constipation leads to all sorts of ailments, headaches, backaches, indigestion, piles—Take HOLLISTER'S ROCKY MOUNTAIN TEA for contipation and you will sing its praises everafter—Women invariably get great results from it.—Gaugh & Evans.

MAY TAKE FILMS TO FAIR

Continued from page 1

way to put Nodaway County on the map and keep her on the map as well as showing these films at the State Fair." He increased the fund $20.00.

When Guy Clary was in town last Saturday he went up to the Chamber of Commerce rooms and said, "Put me down for $10, it sure is a good idea."

Howard Garrels said, "Put me down for $10 and I know there will be a lot of others up our way who will be glad to contribute as soon as they hear about sending the films to Sedalia."

"The Nodaway County idea is well worth telling the rest of the state about, by all means take the films to Sedalia," says I. V. Moore and $10 more was contributed to the fund.

Abb Fite said, "There is no question but that the Chamber of Commerce is doing more to promote the interests of the biggest business of the county, agriculture, than anything it ever tackled, by making and showing these pictures of Nodaway County. Of course they ought to go to Sedalia, here is $25 to help pay expenses."

It is estimated that the total expense of sending the Nodaway County films to Sedalia will only amount to about $600, which will include still pictures necessary to make a creditable front at the exhibit, decorations and advertising to hand out, expenses of men having films in charge and an additional machine so the show will be continuous and most interesting.

"All contributions received will be accepted with the understanding it is for the advertising of Nodaway County through sending films to the state fair at Sedalia, thereby taking the lead as Nodaway has in so many other instances," says George A. Pickens, secretary.

As it will require some time and much effort to make arrangements to send these films to Sedalia, and get the display all ready, it has been suggested that every one willing to back having the Nodaway County films shown at the fair send their checks in at once or at least by August 1 to the Maryville Chamber of Commerce.

The names and amounts of those contributing to this fund will be published in the daily papers. As the film stands, it tells a wonderful story of the biggest business in the county, and it shows in the clearest manner, why Nodaway leads in so many things. What is good for Nodaway County is good for every one.

WHITEFORD McCLAIN FINED $5 FOR SPEEDING LAST NIGHT

Whiteford McClain was arrested for speeding last night by Ed Wallace, night policeman, and was fined $5 and costs in police court this morning. McClain said this morning he was hurrying to meet a train.

SPOKE AT THE COLLEGE ASSEMBLY THIS MORNING

Arthur Lee, superintendent of the public schools of Clinton, Mo., for twenty years, gave an address at assembly at State Teachers College this morning on the subject of the relation of English teaching to the morals of citizenship. At 3:25 o'clock this afternoon Mr. Lee spoke to the English classes on the administrative problems of teaching English.

TENTH ANNIVERSARY OF FARM BUREAU TO CELEBRATE

Announcement of final plans for the celebration of the tenth anniversary of the birth of the Farm Bureau in Missouri was made this week. The observance will be at Cape Girardeau on August 10 and J. R. Howard, President of the American Farm Bureau Federation, will be the principal speaker.

In the morning there will be a pageant parade that will depict the ten years of Farm Bureau history not only in Cape Girardeau County but also in Missouri and America.

Mrs. Davis To Kansas City

Mrs. Laura J. Davis left this morning for Kansas City for a visit with her sons, Dan and Emanuel Davis. She was accompanied by two of her granddaughters, Helen and Marie Davis, daughters of Mr. and Mrs. George Fred Davis.

Returning To Des Moines

Mr. and Mrs. Forrest Larmer, who have spent the past week visiting with Mr. and Mrs. Robert Larmer and family on North Buchanan street, left today for their home in Des Moines, Ia. On their trip they motored past Westboro, Mo., and visited at the home of Mr. and Mrs. J. W. Peck.

Mr. and Mrs. Alva Martin returned to their home in Atchison, Kan. yesterday after attending the funeral of the Rev. M. J. Kelly, pastor of the negro Baptist Church.

Hugh Whiteford of Guilford is transacting business in Maryville today.

THIRTY ATTENDED CLINIC YESTERDAY AT ELMO

Was An Unusually Large Number, Considering Condition of the Roads.

Elmo made a good showing in attendance at the health clinic which Dr. Claude P. Fryer, county health officer, and Miss Margaret Scully and Mrs. Grace Bean, county health nurses conducted at that place yesterday. Thirty children attended. Twenty-three of these were school children, four were pre-school children and three were infants.

Three weeks ago forty children attended the clinic and it was expected that more would be there this week. The health department is well pleased, however, with the number which were there yesterday considering the condition of the roads and the question as to whether or not a clinic would be held.

Nine home visits were visited yesterday at Elmo by the county health nurses. In this number of calls four corrections were found to have been made upon recommendation of the health department.

A clinic will be held at Clearmont today. The schedule for the rest of the week is: Wednesday, Odd Fellows hall at Wilcox; Thursday, American Legion rooms at Skidmore; Friday American Legion rooms at Burlington Junction; Saturday, health office in Maryville.

Dr. and Mrs. Person To Omaha

Dr. and Mrs. R. C. Person went this morning to Omaha on business. They had expected to return this evening but on account of the train service will not be able to get back until in the morning.

MILLER TO READ THE HOOSIER SCHOOLMASTER

Will Take Place at the State Teachers College at 3:30 o'Clock Tomorrow Afternoon.

Professor Harry A. Miller will read the Hoosier Schoolmaster in the auditorium of the State Teachers College at 3:30 o'clock tomorrow afternoon. The reading will be open to the public as well as to the students of the College.

This is the fourth reading that Professor Miller has given this term and they have proven popular with the public and students. Last week when he read the drama, "Abraham Lincoln" it was necessary to move to a larger room and finally the reading was given in the auditorium to accommodate the audience.

Mrs. Ben Chellew and family have returned to their home in Casper, Wyo., after a visit at the home of Mrs. Chellew's parents, Mr. and Mrs. Gabe Purcell of Conception.

Russell Smock of Ravenwood was shopping here yesterday.

NICKEL PLATE Iced Coffee

ICED coffee is not only a delicious summer drink but it also furnishes a mild stimulation that is particularly grateful on a wilting hot day. It may be combined with fruit juices and other ingredients in a variety of cooling beverages which are less sugary and cloying than the average warm weather drink and for that reason generally popular with men.

Nickel Plate Coffee, when served cold, should be made somewhat stronger than usual. Brew it according to your favorite method and chill before adding sugar and cream. If cracked ice is added make sure the coffee is strong enough to compensate for the resulting dilution. Mixing the ingredients in a shaker produces a smoother beverage topped with an appetizing foam.

Nickel Plate Coffee

RETAINS ITS PECULIAR RICHNESS OF FLAVOR WHETHER SERVED HOT OR COLD.
